

# MANAGEMENT POLICY

At TASA we are dedicated to the extraction, transformation and marketing of marine food and ingredients, and to shipyard services. Our guidelines are as follows:

- **Meet** the needs of our customers.
- **Provide** safe products and high-quality services.
- **Act as** a sustainable and responsible company with its natural resources and interest groups.
- **Promote** the participation, consultation and integral development of the personnel.
- **Prevent** environmental pollution, the occurrence of injuries, illnesses and illicit activities.
- **Comply** with applicable regulations, standards and commitments.
- **Continuously improve and innovate** products, processes and technology.
