

SAFETY AND HEALTH POLICY AT WORK

At TECNOLÓGICA DE ALIMENTOS S.A. (TASA); We are dedicated to the extraction, transformation, commercialization of marine food and ingredients, and shipyard services; using the best practices in Occupational Health and Safety issues, for which we are committed to:

- **Develop** our activities protecting the physical integrity of our collaborators, suppliers and that of third parties in our operations, by preventing work-related injuries, illnesses and incidents.

- **Ensure** the consultation, participation, information and active training of our staff in all aspects of the TASA Occupational Health and Safety Management System.

- **Comply** with current legislations, regulations and voluntary commitments, signed by TASA in matters of safety and health at work.

- **Continuously improve and innovate products, processes, and technology** hand in hand with the performance of the Occupational Health and Safety Management System, integrating it with the company's other management systems and activities.
